

# Joint Owner Application

# Red Angus Association of America

4201 N Interstate 35 • Denton, TX 76207  
(940) 387-3502 • Fax (940) 383-4036

This form must be completed by the seller before any interest will be transferred on a registered Red Angus Bull.

Association regulations require all bulls used in artificial insemination (AI) to have DNA parentage on file at the National Office. Parent verification is required to the extent that parent(s) are on file at an approved testing facility.

All AI sires must be tested by an RAAA approved facility to determine if the animal is a carrier or free of OS. All AI sires whose pedigree contains a carrier of AM, NH, or MA without an intervening tested free animal, must be tested by an RAAA approved facility to determine if the animal is a carrier, or free of the respective genetic defect..

ALL owners must be listed on the application and ALL questions must be answered, including any interest retained by the seller.

If ownership consists of more than five, use multiple copies of this form to record all owners.
