

Young Stockman's Program
March 2-4, 2018
Kansas City, MO

Friday, March 2

6:00 PM Registration and Check In at Hyatt Place Kansas City Airport

7:00 PM General Session at the Hyatt Place
An engaging session for participants to build relationships with other participants while learning more about Red Angus, the Live|WiRED Project, and cattle production practices.

Saturday, March 3

7:30 AM Breakfast and Bus Departure for Learning Lab

8:30 AM Site Visit of the LiveWiRED Project Calves | Lathrop MO

10:00 AM Learning Lab Rotation and Lunch
Each Learning Lab will be a hands-on education experience for participants to learn and apply production practices.
Lab 1: Animal Handling | *Learn techniques and tips from Miriam Martin, a Colorado State University student working and conducting research under the direction of Temple Grandin.*
Lab 2: Animal Health | *Learn to select the proper equipment and techniques for administering vaccines and other medications. Also learn about key signs of animal health to watch for during the weaning transition.*
Lab 3: Animal Nutrition | *Learn about the changes in nutritional needs over time. Explore the various feedstuffs and additives, their purposes and how to develop rations.*

3:30 PM Bus Departure for Hotel

5:00 PM Bus Departure for Main Event Entertainment Center
Dinner and Entertainment for participants to enjoy time with other juniors.

10:00 PM Bus Departure for Hotel

Sunday, March 4
