

The of the Foundation ...

At the heart of the Red Angus Foundation, Inc., are generous Red Angus stakeholders whose vision for the future far surpasses their own ranches. Through their donations, memorial contributions and fundraising assistance, RAFI is empowered to support our junior programs and advance the breed's position in the industry through research and development.

By Jenny Robinson

Original Artwork
By Cathryn Reitler

**MUSHRUSH**
RED ANGUS

has donated from their heart to offer

"Pick of the Herd"
from any female in their herd.

The Mushrush family has generously donated pick of their herd to benefit RAFI. The purchaser can choose any heifer calf, bred heifer or mature cow including donors from over 1,000 fall- and spring-calving females. They designated the proceeds go into the Research and Development Fund in order for the breed to continue to fund research projects throughout the United States. Red Angus has been prominent in funding research projects at universities over the years, and is well known to university personnel as the breed association that steps up to the plate to assist research.

In addition to the Mushrush Red Angus "Pick of the Herd," the buyer will also receive this support package:
