

Build a better cow herd with stronger selection tools

By testing commercial females, cattlemen can make improved selection decisions, targeting performance and herd-quality goals.

Red Navigator DNA test provides:

- Parentage (if sire is DNA tested)
- Genetic assessment (percentile rank) for each RAAA trait
- Most accurate results on commercial females that are 75% or more Red Angus

RED ANGUS
RANCH TESTED. RANCHER TRUSTED.

Take your herd to the next level:

1. Contact RAAA to order test kits.
2. Collect samples: Blood or tissue samples required for testing.
3. Submit DNA samples and payment to RAAA.
4. Call the DNA department for your custom results timeline.
5. Receive personal consultation on the DNA results with a member of the RAAA staff member.

Order test kits by contacting the DNA Department:
940-387-3502, Ext. 14 • dna@redangus.org
